Challenge Yourself

Let's strengthen our community by volunteering! At the last Prestige Club Meeting we talked about nominating outstanding individuals that do volunteer work in our communities. Everyone volunteers for projects, whether at work or play or just by visiting and helping a friend or neighbor. Caring individuals promotes community teamwork. Work towards a goal to help others! Let's honor them! We will be having a program in May to honor your nominees and to promote Volunteerism. If you have a name you would like to submit, just write a letter about this person, what they do to help others and why you are nominating them.

Please submit your letters to Lois before May 1, 2013.

You are what you eat! Have you been eating healthy? Do you have an exercise program? A balanced diet will make you feel more energetic to do the things you enjoy. Did you know the overall fruits and vegetable consumption in the United States has gone down. Why do only a quarter of American adults eat the recommended five servings a day? It is always good to eat more fruits and vegetables! Fast food is on the rise! Get your daily dose by chopping a tomato, green and red peppers, a bit of raw red onion, minced garlic, herbs and spices to taste and top with black beans, chopped chicken and shredded cheese for a healthy snack with baked crackers or chips. Serve hot or cold. Healthy salsa! Why not try roasting your vegetables in the oven with seasonings instead of boiling. Savor the flavor! Whip up a delicious fruit smoothie with fruit and yogurt or freeze those grapes and bananas for a quick snack.
